<p>Evaluation title/year: Enhancing Knowledge on Remittances and Diaspora Engagement in South Sudan 2022</p> <p>IOM South Sudan Migration Management Unit</p>				
<p>Evaluation recommendation 1:</p> <p>IOM South Sudan migration management unit has shared the findings of the remittances study both internally and externally. The unit should continue sharing these findings to further leverage these topics of remittances and diaspora engagement through other projects</p>				
<p>Recommendation to:</p> <p>IOM South Sudan migration management unit</p>			<p>Priority level (1 to 3):</p> <p><i>On a scale of 1–3, prioritize the importance of this recommendation. Be realistic. Some recommendations are very important (e.g. they affect the well-being of beneficiaries, they address critical risks to the project), while others are less important.</i></p>	
<p>Management response (Accept/Partially Accept/Reject)</p> <p><i>Indicate if management accepts, partially accepts or rejects the recommendation. Provide an explanation if management only partially accepts or rejects. Bear in mind that, ideally, enough evidence will have been provided to an evaluator that by the time the recommendations are finalized, there is not too much disagreement on the recommendations. However, disagreements do occur, and it is acceptable to reject or only partially accept a recommendation. However, this decision should be adequately explained in this section.</i></p>
